STANDLEE, ALECEA

SOC 101-03, People & Their Social Environment

S: 1) Group discussions (usually at the last few minutes of class)
2) Final Exam (it has inspired me)
3) I enjoyed the group assignments every week. It was a [sic] interesting experience to see how my peers understood the subject and how they would relate it to us.
4) I thoroughly enjoyed the extent of this class.

W: NC

S: Enjoy the class discussions
Think it's a good mix of lecture and discussion.
Excellent teacher!
Very helpful!!!

W: Textbook was awful

S: N/A

W: N/A

S: I really enjoyed this class. Dr. Standlee explained everything well.

W: n/a

S: Overall the work and teachings were well structured.

W: Sometimes the instructor let the class get out of hand..., and curse BLACKBOARD.

S: She knew the topic well and was a great instructor.

W: More hands on activities

S: Power Points

W: NC

S: Discussion

W: NC

S: She was very knowledgeable and enjoyed her teaching.

W: No complaints, the class was good and fair.

S: Great teacher; I love the way she constructs her test and class.

W: Nothing.

S: everything

W: nothing

S: Easy Going Flexible

W: More Grades!

S: NC

W: I didn't like that we didn't write papers and didn't have homework assignments. Other than that, the class was great!

S: - Explained information very well

- I liked group discussions

- Book was easy to read

W: - Not enough class involvement

S: None.

W: Not considerate of all students.

S: Despite being a new professor, she is very well adapted to Concord and its students. She is VERY knowledgeable about her subject.

W: Appears disorganized.

S: Class involvement was excellent! Conveyed material very well!

W: Not enough exams or grades to equal out average!

S: The discussions in class was [sic] very enjoyable.

W: Some of the reading was almost unbearable, but they were good to know in the end.

S: I LOVED THIS CLASS!!

W: I was just frustrated that I bought the books when I could've gotten all the readings from Blackboard.

S: The class was very enlightening. The material covered was relevant and applicable to everyday life.

W: Although only have two test [sic] was less stressful, maybe adding a third test at the end of the semester would be good. This would help improve grades if you messed up on a test and would motivate students to come to class after the second test.

S: Knowledgeable about subject, got students thinking on a deeper level

W: Study guide for tests would be helpful.

S: Definitely knew what she was talking about

W: Focus more on things on the test

Might be too easy, then you won't learn the material

S: Being able to discuss material in class room with other students

W: Need a couple of class group assignments

S: I really loved the discussion groups and questions. I think if the class had been any bigger it might have been a little harder, but for our class size and the material I loved it. This has truly been one of my favorite classes.

W: n/a

S: Instructor is very effective with her concern of her students. She effectively went over material and made sure everyone's questions were answered and had full understanding of assignments.

W: None, very informative class

SOC 350-02, Digital Culture & Social Behavior

S: Great Professor!

W: NC

S: Amazing way to keep the students involved and talking.

W: NC

S: - Interesting/challenging material

- Fun

- Relevant

W: - Class has tendency to go off on brief tangents
