**Q11 - Comment on your experience with remote learning in this course or anything else you were not asked about above.**

I was still able to learn course material without consistent zoom meetings

I think when this class switch to remote learning, the time time I spent dedicated to the course increased slightly. Other than that, Professor Standlee has offered help and guidance and is always there to talk to. I am happy that I enrolled in this course.

The course is easy to do from home and is basically the same thing as being at school. I miss the conversations we had though because I was always interested in the topics and talking with classmates and I no longer get that authentic experience

Class was transitioned well to remote on short notice.

Professor Standlee made it very easy to transition into online class. She provided us online versions of reading and any movies we needed for assignments. Most importantly, she genuinely cared about the well being of her students throughout the semester.
