I loved the material!

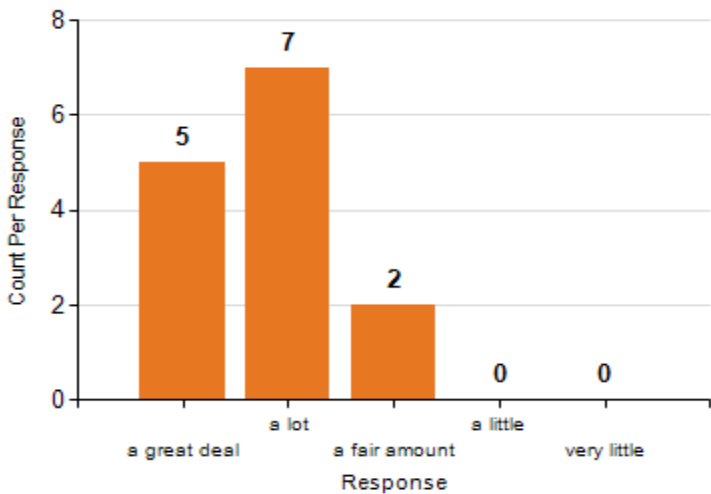

I worked hard and participated in class mostly everyday

I come to all my classes, I do all the work to the best of my ability and I had a great interest in all that we talked and learned about.

Although not my expertise, I tried my best to engage with the material as best as I can.

Very interested in the topic, dedicated time to assignments, but had some difficulty focusing through all of the readings, although the readings were engaging

Q4 - How much do you think you've learned from this course?

They had personal stories with helped me empathize

The books were very helpful as well as the powerpoints

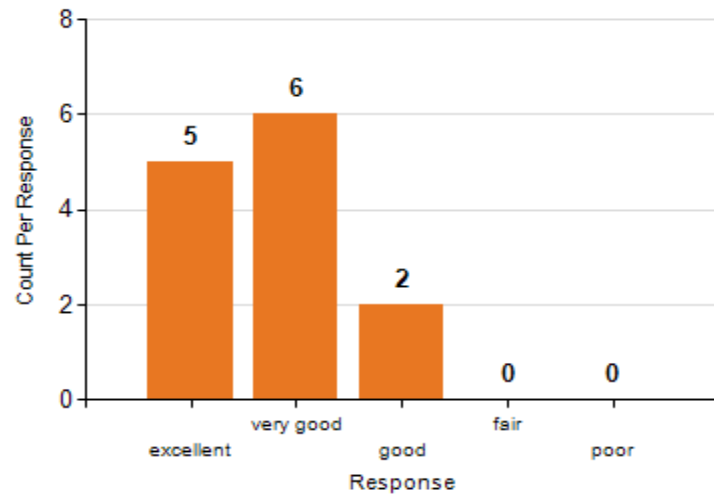

The book about Native American women was outdated and also written by an author with an illegitimate claim to Native identity and should probably be removed from the syllabus. Too many films shown in class, but besides this everything was very good

All the materials that we had for this class was excellent for the topics we learned and went into depths on reasons why.

Some of the books were extremely eye opening.

Films, assigned readings, etc were very engaging and informative

Q6 - How effective was the instructor in conducting class sessions?

13	76.5%	17	4.23

Professor Standlee is an excellent moderator of challenging discussions and is mindful of the needs of students.

Great presentations

Everything was great except too many movies shown in class. Why am I paying thousands of dollars to watch movies that I could watch for homework or on my own time

It was very open to bring in a lot of class discussions and to see the thoughts and feelings the students had.

Simple in class discussions which were helpful for hearing people's opinions.

Handled inappropriate comments from students with grace and firmness.

Q7 - How would you rate the assignments and tests the instructor required as measures of learning in this course?

Number of Responses	% of Enrolled Students who Responded	Number of Enrolled Students	Average
